Dear Beef Producers,

Welcome to our annual Angus bull sale at Platte Livestock Market in Platte, SD on Friday, Dec 11th, 2026 at 1:00 PM. We appreciate the time and interest that you have shown in our bulls.

Our program at Starr & Varilek Angus is to only sell two-year-old Angus bulls. We believe it is more valuable to offer a product that has been developed properly than to sell the bulls as yearling. The development of the bulls results in a more mature sire. Our customer's cows will be serviced more efficiently; there will be less hassle conditioning the bull after the breeding season; and, finally, a more structurally sound animal is being bought. Please feel free to contact us if you have any particular questions about the development of these bulls.

The bulls being offered on this year's sale can be viewed at our place ahead of the sale. If it works into your schedule, we welcome you to stop by and take a look at the bulls in the yard before sale day. The bulls will be videoed by the crew at The livestock Link.

Please watch for videos on our website (www.starrandvarilekangus.com) or at www.thelivestocklink.com. Feel free to contact Duke if you have any questions or need more information about our program and data on individual bulls. A couple notes on the sale bulls. Lots 1, 3, 4, 25, 60 & 66 were all used to naturally service our purebred cows this past summer. These bulls were tested per the South Dakota Animal Industry Board Requirements.

We will be utilizing CattleUSA to view/bid on the sale bulls as Platte Livestock uses CattleUSA to broadcast their weekly sales. Please contact the barn or Tess if you have questions on how to view or how to apply to bid. Many of you already have access if you have submitted to bid already at Platte Livestock or if you got set up in the past to bid. Thanks for your interest!

Remembering JOHN DEAN

John Dean passed away in September of 2026. We had the privilege of having John as our field rep when it came to selling our calves each year. Every time Duke had a consignment, John would take the time to drive out and take a look. I'm not sure that cattle was always discussed as they surveyed what was sitting in the feedlots. We sure miss him and are extremely grateful for everything that John did over the years for us. It was a true honor to count him as a friend.

Generations of Family.

A purpose that endures.

Starr & Varilek Angus began with family working together and a belief in Angus cattle that has carried through generations.

Elvern and Margaret Varilek established their purebred Angus herd in the 1940s. Today, that family tradition carries on through their son, Tom Varilek; his daughter, Tess, and her husband, Duke Starr; and their son Kade, daughter-in-law Erica and daughter Taryn.

Through the years, our purpose has remained straightforward: **RAISE DEPENDABLE ANGUS CATTLE THAT WORK FOR OUR CUSTOMERS.**

OUR BULLS ARE DEVELOPED WITH THEIR FUTURE IN MIND: Our approach emphasizes moderate growth, sound structure and readiness for the breeding pasture. We exclusively offer two-year-old bulls to give our customers more mature sires while taking on the time and expense of developing them ourselves.

Our bulls receive no creep feed as calves. After weaning, they are developed on a high-roughage ration that supports steady growth and frame development. They spend their yearling summer on pasture, then return in mid-September to a high-roughage ration until sale day.

Giving bulls time to grow and develop naturally helps prepare them to cover cows, maintain condition and recover after breeding season. Every step reflects our goal: sound, **USEFUL BULLS THAT MAKE OUR CUSTOMERS' JOBS EASIER.**
